DEVELOPING

DREAMS

DAILY

The Developing Dreams Foundation would like to offer you and your facilities the opportunity to take advantage of our strategically designed after school & summer programs. Our programs have all the cool tools that relates to the youth of today. In addition there is the unique integration, character development, teamwork, communication skills and confidence and self-application.

We believe that your facilities will benefit greatly from our well-organized and designed performing arts after school summer programs

Our Classes and Curriculum include:

- **Dance Lessons** – A professional styled dance class with a professional choreographer (Hip Hop, Jazz, Ballet, Salsa)
- **Keyboard lessons** – Learn to play and read music on both a keyboard and a piano
- **Voice Lessons** – Learn to hear and emulate notes played from a piano and learn voice control like your favorite singer. (some recording studio time)
- **Video Production** – Participants will learn to capture video footage for HD video, commercial and movie editing. Students will learn how to cut, edit, manipulate digital images and footage for television quality material.
- **Music Production & Studio Engineering** – Introduction to using Pro-tools or similar Digital Audio Workstations and the basics to beat programming, making music, and mixing music.
- **Chair Aerobics** – Low Impact cardio for elderly and handicap students. This course is also great for mid-day stretches for work employees to stay productive and awake.
- **Liner-cise** – Students will learn the newest line dances and trends, burn calories, exercise and have fun.
- **Tai -Chi** – Students will learn to breathe and control movements that will enhance health and stability though the slow meditated movements of Tai Chi Chaun.

All Classes are limited to size so that we can concentrate and focus on the proper development for each student.

DEVELOPING DREAMS FOUNDATION

www.DevelopingDreamsFoundation.org

As a nonprofit organization, The Developing Dreams Foundation (DDF) is dedicated to the education and development of dance, music and the arts with a specific focus on serving under privileged and at-risk children.

The Hip Hop Symphony
Produced by: The Developing Dreams Foundation Inc.

WHAT WE DO

Developing Dreams Foundation Inc. is a not for profit organization providing professional performing art opportunities to aspiring artist in our community. From performing art classes to performance opportunities, DDF is best known for the development of young performing artists and providing consistent work opportunities for local performing artist, technicians, graphic & set building designers, dance and music teachers and much more.

Advanced Performing Arts Curriculums

From quality after -school performing art classes to performance opportunities, DDF provides advance training in a safe, productive environment. Intensive training courses are held in 8 – 12 week sessions. All classes are limited in class size for the most effective training (by audition only)

DETAILED CLASS DESCRIPTION (proposed programs highlighted)

Hip Hop Dance Class – This one hour movement therapy class guarantee high energy and aerobic activity. Classes will include stretches and dance aerobics combined for the first 15 minutes. For the 2nd quarter of the class the class will work on coordination and body control type drills. And the remaining 30 minutes of class they will work on a choreographed dance that will be completed and cleaned to performance quality by the end of the 8 week session.

Keyboard Lessons - This one hour program is conducted to small groups maximum of 8 students. Students will learn how to read introductory level sheet music and play basic chords & melodies. Keyboard lessons carry over to playing the piano as the keys and notes are located in the same place, the notes and the layout of the keys are identical.

Music Production – This program is designed to teach students the basic methods of creating music from computerized programs that can be used on both Mac & PC. These programs are beat programming devices that are layed out differently but provide the same end result. The program(s) will be one of the following: Propellerhead Reason, FL Studio and are strictly for beat programming. (10 – 19 yrs. old).

Studio Engineering – This all inclusive music program includes the music production curriculum as well as making music at a professional level with High End (DAWS) Digital Work Station: such as Pro Tools (Mac) and Sonar (PC). Students will learn to create a song from start to finish and prepare the finished song for mastering. (Pre-requisite – *music production*)

Video Production – Participants will learn to capture video footage for high –end video, commercial and movie editing. Each student will be responsible for creating a project from beginning to end, from concept to final product. Using Final Cut Pro (recommended software) students will learn how to cut, edit, manipulate digital images and footage for television quality material.

Voice Lessons – Voice lessons are popular amongst all age groups and demographics. Students will learn how to breathe and sing to the perfect key, blend in harmonies and maintain melodies. Voice lessons are also limited to small groups and are 1 hour in duration so that each student can get personal attention.

Chair Aerobics – Low Impact cardio for elderly and handicap students. This course is also great for mid-day stretches for work employees to stay productive and awake.

Liner-cise – Students will learn the latest line dances and trends, burn calories, exercise and have fun.

Tai –Chi – Students will learn to breathe and control body movements that will enhance health and stability though the slow meditated movements of Tai Chi Chaun.
