

After-School Programs with results

Developing Dreams Foundation focuses on preparing the under-served in the community for today's and tomorrow's workforce, by providing them tangible and relevant career training in media, performing, auditory, and fine arts. In addition, DDF provides youth with Life-Skills to be utilized throughout various stages of life.

Give them tools to succeed

Developing Dreams Foundation has a variety of classes available that can seamlessly fit into any youth organization's on-going schedules.

Determination to withstand

Here at Developing Dreams Foundation, we believe academic skills are important. However, professional skills, communication skills, teamwork, social skills, integrable with self-confidence, commitment, determination and accountability are equally as important.

Professional Skill Sets

By providing youths a variety of options to improve themselves we can help them understand the commitment and the dedication needed to succeed, not just in work, but in life. Exposing youths to careers in the arts can save a child's life by enhancing their life as well as enhancing the lives of everyone who comes in contact with them.

Teamwork Building

Developing Dreams Foundation's flexible after-school program is a huge hit with schools, community centers, churches, and recreational centers throughout Broward, Palm Beach & Dade County. DDF will go to youth centers and provides the equipment, software and the instructors to facilitate the programs. Serving over 1000 kids every school year, DDF makes a significant impact in the community and in the lives of our youths.
